

The logo is a circular emblem with a gold border. Inside the circle, there's a night view of Osaka with the Tower of Television. A red crab is at the top, and a banner on the right reads 'The 7th Asia Cornea Society Biennial Scientific Meeting ACS 2020'. A small illustration of a person in a white kimono is on the left. The background is a gradient of purple and pink with decorative elements like a red maple leaf and a cartoon fisherman.

# ACCS 2020
